

Reiter Foothills Motorized Trail System

Preliminary Draft (4/2010) Subject to Change.

DRAFT

**THIS MAP IS FOR PLANNING/
DISCUSSION PURPOSES ONLY**

LEGEND

- 4 x 4 Technical Trail Network**
This area will be designed as a web of trails with obstacle areas located throughout an interconnected network. Obstacle areas will include natural forest features such as rock clusters, downed logs and stumps.
- ATV Trunk Challenge Trail**
This trunk trail will be designed to provide ATV access from the trailhead eastward throughout the planning area. It will include scenic view areas. A range of trail challenge opportunities will be integrated into the route that a trail rider can opt in or out of during their visit. This trail will also be available to motorcycle riders.
- Single Track Trail Areas**
These areas will include single track trails designed to provide a high level of challenge and opportunity for strenuous riding. These trails will be open to motorcycle riders and will provide access to trial areas. These areas will be accessed via the trunk trail.
- Trial Challenge Areas**
These trial areas will be designed to provide a variety of single track trial challenge riding opportunities. They will be open to motorcycle riders.
